

CONNECTING the MIND and the BODY

Sharing Our Stories: Connecting the Mind and the Body is a community mental health and wellness awareness program targeting middle & high school youth, college students and the adults in their lives. The program, scheduled for November 5, 2016 from 9am-3pm at Belleville East High School will highlight a guest speaker and will provide interactive youth workshops led by area student groups. In addition, we will have panel discussions for the adults in their lives to provide resources to support them as they advocate for the children in their lives. This program provides fun and entertaining activities, 15 minutes of fitness, raffles for an assortment of prizes/gift cards, breakfast and lunch, and much much more.

In addition to vendors who will also have the ability to say a few words about their services during the adult panel in the afternoon, we are looking for donations/give-aways that can be raffled off and/or given to the attendees.

To support this program, which is free to the public, please complete and return to the Karla Smith Foundation (see below).
